#### Mount Baker Marathon.

Bellingham, Wash., July 19.—At 11 o'clock next Wednesday night the runners in the second annual Mount Baker marathon race will start from this city for the summit of Mount Baker, a distance of approximately forty miles. The contestants will use three trails which ascend the mountain from different angles, and it is expected that the winner, to whom will be awarded a cash prize of \$500, will arrive in Bellingham by 9 o'clock Thursday morning. Crack runners from Washington, California, Alaska, Germany and Switzerland are entered in the contest. The first race, which was held last year, was won by Joe Galbraith in 11 hours and 27 minutes.

## AKIN BILL BEFORE SUPREME COURT

AKIN CONTENDS SECRETARY OF  
STATE CANNOT PASS ON  
QUESTION OF FRAUD.

Oklahoma City, July 16.—That under the law the jurisdiction of the secretary of state in connection with initiative petitions is limited to deciding whether or not the petitions are in proper form, and that he has no authority to take evidence as to fraud in connection with the securing of signatures, was the contention made before the supreme court by Attorney J. B. Bartholomew Thursday in arguing the appeal from the decision of the secretary of state on the sufficiency of the petitions for the Akin bill.

He contended that the secretary had no authority as "behind the returns," and that it made no difference as to what frauds might have been practiced if the petitions were in proper form when they reached his hands. Bartholomew based his case almost entirely upon that one point. He referred slightly to the testimony of the "handwriting experts" who appeared at the hearings before the secretary, and was interrupted at that point by Justice Williams, who insisted that the secre-

tary had a right to receive evidence of that sort and give it whatever weight he saw fit.

### "This is my 84th Birthday"

Roger A. Pryor

Roger A. Pryor, one of the few surviving generals of the Confederate states Army was born in Dinwiddie county, Virginia, July 19, 1828, and received his education at Hampden-Sidney College and the University of Virginia. A year after his graduation from the university he was admitted to the bar, but did not immediately begin the practice of law. Instead he took up newspaper work and for several years he was the editor of papers in Petersburg and Richmond. In 1855 he went to Greece on a diplomatic mission for the United States government. Upon his return he was elected to the 36th congress. Two years later was re-elected, but did not serve as he resigned with other representatives of the South on the eve of the war. He was a member of the First Confederate congress, but soon quit the legislative halls for the battle field. He distinguished himself in the service of the Confederate States and rose to the rank of brigadier-general. After the war General Pryor began to practice law in New York city. He was eminently successful in his chosen profession and for a number of years occupied a place on the New York supreme bench.

#### Congratulations to:

Charles Edward, the reigning Duke of Saxe-Coburg and Gotha, 23 years old today.

Julian W. Mack, associate justice of the United States Commerce Court 46 years old today.

### OKLAHOMA CITY HAS NO OBJECTIONS

A statement by the Citizens' Committee of Oklahoma City is to the effect that the city will not make any effort to keep the question of another capitol election from being submitted to the people for their judgment. The committee says that Oklahoma City welcomes the opportunity to tell the voters the true facts of the case and refute the many slanders heaped on the new capital. Attention is called to the fact, however, that in Logan county more voters are purported to have signed the petition to move the capital back to Guthrie than voted at the last general election.

## \$1,700,000 NEEDED TO RUN STATE

Oklahoma City, Ok., July 18.—More than \$100,000 of departmental appropriations for the fiscal year ending June 30 last reverted to the state treasurer, according to estimates made by the state auditing department.

The new fiscal year, which began July 1, found appropriated for that period for the executive and judicial branches of the government a total of \$2,716,023, an increase of \$35,000 over total appropriations made for the last fiscal year.

By far the greatest amount of the total for this year will go for education, being a little over \$1,000,000 in which amount is included \$20,000 for maintenance of the institution for the feeble-minded at Enid, but does not include \$22,750 for conduct of the states training school for incorrigibles at Pauls Valley. With the educational appropriation, however, are included institutions for the deaf and blind and the state orphanages. The executive department comes in for nearly \$750,000. In maintenance of the state asylums it will require a cash outlay of more than \$400,000.

Crime, in the maintenance of state prisons, will cost more than \$250,000, and crime and insanity combined will cost nearly as much as the running expenses of the executive branch, and nearly two-thirds of the amount going for education. To be exact, the appropriations are: Educational institutions, \$1,088,776; executive branch (all state offices), \$728,574; keep of insane, \$398,774; keep of criminals (in state prison), \$252,800.

It will cost the taxpayers \$168,586 to maintain the judicial branch of the government for the twelve months of which \$60,085 is for the supreme court, \$17,600 for the Criminal Court of Appeals, \$87,000 for District courts and \$3,900 for the state court reporters. With the appropriation for the supreme court is included that for the supreme court commission. The state board of agriculture will have \$100,000 in promoting the interest of the farmer and battling with the southern fever tick, and \$15,000 was set aside for the Confederate home at Ardmore.

## REPUBLICANS FILE ONLY SEVEN ELECTORS

Oklahoma City, July 19.—Ben W. Riley, secretary of the state election board, received a telephone message today from James A. Harris, chairman of the republican state central committee, who has just returned from the east, asking for a statement of the situation as regards republican electors.

Under Secretary Riley's ruling the republicans can not have more than seven electors on the ballot at the general election, as none have filed to be voted on at the primary in the First, Second and Fifth districts. Harris gave no intimation as to whether any action would be taken in regard to the matter.

## SEN. OWEN COMING THIS EVENING

Will Address Citizens of Ada and Vicinity in the Interest of His  
Candidacy and Re-election.

Senator Robert L. Owen addressed the voters of Roff and vicinity at the picnic this afternoon, and will arrive on the 4 o'clock train to fill his engagement at Ada at 8 o'clock this evening.

Senator Owen needs no introduction to the citizens of Ada. His past record is sufficient introduction, and he is making the race on this record and his own merits and not on the shortcomings of his opponent. Senator Owen is one of the most scholarly men in public life today. He never fails to receive attention when he speaks, for he is a close student and has something of importance to say when he talks. He is entitled to a fair hearing this evening, and having many friends here will receive a cordial reception at Ada.

The speaking will be at the Rollow corner and ladies are especially invited to hear him.

## A WORD TO THE LADIES.

The editor of the News will be unusually busy tomorrow and will therefore be at great disadvantage in securing data for the many social events of the week. As we do not wish to miss anything, it will be a great favor to us if you will have these items written up and sent in. Furthermore, this is the way to give these events full justice, for it is out of the question for one not present to write up any affair as it should be. The editor does not make any pretensions to being much of a hand to write up social events, anyway.

Three good pictures this evening at the DeSota, as follows: Prompt Payment; Stealing a Ride; and At the Duke's Command. Can you beat a combination like that? Furthermore, the DeSota is now kept very cool with numerous electric fans so that no one will be uncomfortable for a moment during the show.

## Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

## B. C. KING ISSUES A CHALLENGE

Ada, Okla., July 18th, 1912.  
Hon. Leslie Maxey and Robert Wimbish:

Dear Sirs:—You say that Mr. Roland must be beat. Early in this campaign I had the nerve to announce for the office of County Attorney of Pontotoc County and make the race against Mr. Roland, not because I had any urgent desire for his defeat but because I wanted the office. As time went on I gathered strength and raised the issue in the public mind, and thereby provoked public discussion. It cost me time and money to make the campaign to where it caused public discussion and when public sentiment had proceeded to be somewhat general, you ascertained that I might beat Mr. Roland therefore you entered Mr. Maxey in the race to take advantage of the condition that I had brought about by the expenditure of money and time, and seek to carry off the coveted fruit that my time and money disclosed that might be in sight. I don't think that this is right. After doing this you have the audacity to desire me to retire from the race and leave the field open to a candidate who did not have the nerve or was willing to spend the time and money to feel of the public pulse, and failing in this you and your friends have tried to make the public believe from your partisan friends all over this county that Maxey would carry Ada, and was the strong man at this place to defeat Mr. Roland, for the sole and only purpose of causing my good friends to become uneasy and to create sentiment in favor of yourself and friends and thereby cause men and voters who were supporting me to quit me and take up with a new candidate who entered the race only after the way was paved. I am a good democrat and believe in the people ruling, and believe when a man offers himself for office that he should make the race upon his own merit, and not upon the demerits of his opponent and I do not endorse this method of saying to the people that I am not in the race in Ada, and seeking by that means of securing support that you would not otherwise receive, when in fact the other condition exists as I believe. I think that I am much stronger with the voters of Ada than you, and to prove this I make you a proposition that is fair and will settle this matter once for all. I do not want to spend all my time arguing who is the stronger in Ada, you or myself. We will pick two disinterested parties who we both believe to be honest and let them go together and see that the other acts on the square and take a poll of every legal democrat voted in the City of Ada and if Maxey as you both claim is the strongest in the City of Ada I will withdraw from this race, and if I am the strongest let him do the same, if as you claim Maxey is running for the sole and only purpose of causing Roland's defeat and to save the country and was brought out for that purpose, if he is stronger in Ada than myself I will give him a clear field to test his strength on his own merits against Roland. I will expect an answer to this by 10 o'clock a. m., tomorrow, July 19th. The full details insuring the fairness of the poll may be agreed to later, if you fail to accept this proposition I shall say to the voters of Pontotoc county that you are not sincere in claiming that your strength at this place will assure your election with their support, any other fair means by which the sentiment can be ascertained will

be agreeable to me, if you have any other excuse whatever I shall agree to meet that excuse if possible. I am anxious to let the people of the county know how we stand at home and that they are against a man who come into the race at the eleventh hour. I have spent more time and money for the party than you both put together without a selfish purpose, and I feel that I am entitled to a fair consideration at the hands of all good democrats.

B. C. KING,

Candidate for County Attorney.  
This offer was refused by Mr. Wimbish and this time I have received no reply from Mr. Maxey.

## IMPORTANT DECISION IN LAND CASES

Muskogee, Okla., July 18.—That in Indian affairs it has been the fundamental principle of the United States government to have restrictions run with the land, and not with the individual, was declared by Judge R. E. Campbell in deciding the Choctaw-Chickasaw surplus land cases.

The court in deciding this class of cases held that in cases of land allotted to living allottees, who afterward died, the heirs could not sell the surplus lands except under the provision of the one, three and five years agreement, that is to say one-fourth of the land could be sold in one year, one-fourth in three years and the remainder in five years. The contention of the defendant was that all the land could be sold by heirs of the allottee, but the court held otherwise.

The court has taken under consideration the question as to the right of Choctaw-Chickasaw freedmen to all their allotments. The freedmen in these two nations received but forty acres of land. If the court holds this forty acres to be in the nature of a homestead then all sales would be invalidated.

## GORE A MEMBER OF CAMPAIGN COMMITTEE

Seagirt, N. J., July 18.—The democratic campaign committee, which will have supreme charge of the presidential campaign, was named tonight by Gov. Wilson. It consists of fourteen members, with William F. McCombs, the chairman of the democratic National Committee, chairman.

The other members are: Robert S. Hudspeth of New Jersey, Josephus Daniels of North Carolina, Willard Saulsbury of Delaware, Robert L. Ewing of Louisiana, A. Mitchell Palmer of Pennsylvania, Joseph E. Davies of Wisconsin, Will R. King of Oregon, all of whom are members of the national committee, and Senator Thomas P. Gore of Oklahoma, Senator James A. O'Gorman of New York, Senator James A. Reed of Missouri, Senator Daniel J. McIllicuddy of Maine, Representative Albert S. Burleson of Texas, William G. McAdoo of New York City.

Chairman McCombs announced that the campaign committee would hold its first meeting at an early date, to appoint various sub-committees, among them being the advisory committee, press committee and finance committee. As to the latter, he thought it would consist of thirty-five or forty men representing every section of the United States. Names had hardly been reached in considering this committee, he added.

S. M. Torbett returned yesterday afternoon from Portland, Oregon, where he attended the meeting of the grand lodge of Elks. He says he has attended seven or eight grand lodges but this was by far the best of all. The enrollement of Elks totaled 48,000. Portland entertained them most royally and won the laurels as having given the Elks the best entertainment in their history. While there he met Dr. and Mrs. LeFevre, who expressed themselves as well pleased with Oregon. The trip was most pleasant and very cool from Kansas City westward.

promptly, and without making a lot of dirt about it. SOMEWHAT HEAVY are the tons of coal we send to our customers. Never a pound below the weight. And it is free from dirt and stones—every piece burns and gives heat. Can't find any better coal at any price.

Remember if you get 1500 lbs. of ump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.
